

## A B S T R A C T

A PACKAGING AND DISPLAY BOX FOR AN OSTEOSYNTHESIS KIT, A  
PROTECTIVE UNIT, AND A DISPLAY CHEST CONTAINING SUCH A  
5 BOX

The present invention relates to a packaging and  
display box (100) for an osteosynthesis kit (10)  
comprising at least one plate (12) and at least one  
10 osteosynthesis screw (14). According to the invention,  
the box comprises at least a lid portion (120) and a  
bottom portion (110) defining a storage space (130), said  
lid portion (120) being made to be movable relative to  
said bottom portion by functional means (160). The box  
15 further comprises closure means (170). The box further  
comprises housing means (140) for housing said  
osteosynthesis kit (10) and suitable for being retained  
in said storage space (130), the housing means comprising  
at least one insert (142, 144) and being provided with at  
20 least one cavity (142) for receiving at least one plate  
(12) and at least one cell (144a) for receiving at least  
one screw (14).
